

## The 12th Program of International Platform on Ocean Energy for Young Researcher 2025

Institute of Ocean Energy, Saga University (IOES), Japan annually organizes the program of international platform on ocean energy for young researchers. We now call for applicants to our physical and online event scheduled to be held from **7<sup>th</sup> to 12<sup>th</sup> November 2025**. The successful young researchers will be invited to Japan to take part in our week-long event. **All the travel fees including international flights and domestic transportations, and accommodation fees in Japan will be paid by IOES.** Please join and enjoy the worldwide networking event on ocean energy.

### Who can join the program?

Entry qualification as a **Presenter**: Researchers under 36 years old, including master/Doctoral course students, Postdoctoral fellow, Research associate, Lecturer, and Assistant professor. The successful applicants should be able to participate in the entire one-week program, and it should also be their first time participating in this event in Japan (in-person). The organizers will invite selected young researchers from various fields of ocean energy. As an **online Attendee (Audience)**, you can participate only in the special lectures.

Registration form: <https://forms.office.com/r/TDsMQRhSVP>
